Contributing is easy

Contributing funds help lower your taxable income and allow you to build a “Nest Egg” for future health care expenses. Contributions to your HSA may be made by you, your employer or anyone; however, the preferred tax treatment will only be realized by you.

Contribution methods

You can contribute money to your account in several convenient ways including;

Direct Deposit

Your HSA account acts just like a personal checking account. If your employer offers direct deposit, you can give them your HSA account information to begin contributing via direct deposit.

Funds Transfer

Within the WealthCare portal you can schedule electronic transfers from other financial institutions. They are fast and easy!

Account Transfer

If you have an existing HSA, you may be eligible to either rollover or transfer the funds to your new HSA. Required forms are available within the WealthCare portal or you may contact Benefit Management Administrators at 800-934-6302 for further assistance.

Checks

If you prefer, you can send us a check by mail to Liberty Health Bank, 2323 Stickney Point Rd., Sarasota, FL 34231. The check should be made payable to Liberty Health Bank, include your account number in the memo line and be mailed along with an HSA Contribution Form (which can be obtained on the WealthCare portal).

Maximizing your contributions

As you decide how much to contribute, it's important to note that contributing the maximum allowable amount helps you to get the most from your HSA. At the very least, you'll want to contribute enough to cover anticipated healthcare expenses. Because your balance rolls over year-to-year, there is no penalty for contributing more than you're able to use in one year. The tax advantages of an HSA make it a powerful long-term savings vehicle.

The maximum annual contribution can be made even if you become HSA-eligible after your tax year begins, as long as you are covered under a HDHP on the first day of the last month of your tax year (December 1 for most taxpayers) and remain in a HDHP for the following 12 months. See IRS publication 969 for details. Contributions are allowed until April 15 for the previous calendar year. Additionally, if you are 55 or older, you are allowed to make a \$1,000 catch up contribution.

Keep in mind that HSA contribution limits, established by the IRS, may change each year and you must not over contribute to avoid adverse tax consequences.

	Oct 2018 - Sept 2019	Catch-up Contribution*
Single	\$3,450	\$1,000

**Participants age 55 or older may make additional contributions above the set HSA maximum. Catch-up contributions can be made any time during the year in which the HSA participant turns 55.*

Catch-up contributions for account holders 55 and older

If you are age 55 or older, you may be able to make a catch-up contribution above the annual limit. Even if you join a qualified HDHP after the start of the year, you can contribute the maximum amount, as long as you have HDHP coverage for the last month of the taxable year and for the following 12 months. Catch-up contributions for the partial year of HDHP coverage must be pro-rated.

Does this sound complicated? Don't worry. There are tools within the WealthCare portal that will help you monitor your contributions and help prevent over contributing. Contact Benefit Management Administrators at 800-934-6302 if you have questions.

Using your HSA funds

HSA funds can be used to pay for qualified medical expenses, such as:

- Medical
- Dental
- Vision
- Prescription
- Medical Equipment
- Chiropractic

Go to www.bmatpa.com and use the Eligible HSA Expense tool to see which types of expenses are qualified. You can also go to www.irs.gov and download Publication 502. Generally, qualified medical expenses are those expenses directly related to the alleviation or prevention of physical or mental illness. If you use HSA funds for medical expenses that are not qualified, they will be included in your taxable income. (HSA withdrawals made for non-qualified expenses are subject to ordinary income tax and IRS penalties may be applicable to non-qualified expenses paid for with funds from your HSA. Additionally, state taxes may vary so please consult your tax advisor.)

Pay for qualified expenses

- Use your benefits debit card where accepted, such as the pharmacy or doctor's office.
- Write your benefits debit card number on medical bills to have your HSA funds directed to the expense.
- Use Liberty Health's online bill payment to pay for a healthcare expense or to reimburse yourself for an out-of-pocket medical expense.

Keep good records of your expenses

Keep track of your expenses and payments by using the WealthCare portal to see balances, view transactions, create reports and upload receipts. Be sure to keep receipts for all of your medical expenses for at least three years for tax-reporting purposes.

If you use your HSA funds for non-qualified medical expenses, and are under the age of 65, you may incur a 20% penalty and owe income taxes on the amount used. After the age of 65, HSA funds can be used for any expense with no penalty, but you may still owe income taxes on those funds. Qualified medical expenses are always tax-free.

HSA investment options*

Are you a spender or saver?

Unlike other healthcare accounts, funds in your HSA do not expire and are not contingent upon your employment. Not only does your balance accrue interest, you have a unique opportunity to grow your money even more by investing in a select list of mutual funds.

'Spender' or short-term investor: Competitive interest rates

The basic Liberty Health Bank HSA deposit account is similar to an interest-bearing checking or savings account. Savers will enjoy earning a competitive interest rate on all contributions, and the interest accumulates tax-free.

'Saver' or long-term investor: Powerful options

The Liberty Health Bank HSA investment account was designed for account holders who are interested in using their HSA as a long-term savings vehicle. You must maintain a balance in your HSA of \$750.00 and anything in excess of that may be invested in increments of \$100. Once you are ready to invest access your account online. Go to the "My Accounts / Benefit Account Summary" tab and select "Investment" to begin investing.

Mutual funds are not bank deposits or obligations, are not guaranteed by any bank, and are not insured or guaranteed by the FDIC. Investment in mutual funds involves risk, including possible loss of principal.

HSA investment account choices

You can view transactions, holdings, and statements online, update your account information or place a trade all from within the WealthCare portal using your existing username and password. After establishing an investment account, you will have the ability to view your HSA balances and manage your portfolio holdings and transactions with ease.

Statements are generated on the monthly anniversary of your enrollment so please access your account regularly. Consult your tax advisor to determine how HSAs are treated for state tax purposes for the state in which you file your taxes.

At year end, Liberty Health Bank will send you the following:
