- ✓ HSA store access

Why Add an HSA Benefit Plan?

Health Saving Account Benefit Plans allow employees, who are enrolled in a high-deductible health plan (HDHP), and employers (if desired) to contribute a certain amount of money using pre-tax dollars for the reimbursement of qualified expenses.

The plan allows participants, to use these funds for certain eligible out-of-pocket expenses such as deductibles, co-payments, medication, dental and vision expenses, and eligible over the counter items. BMA will handle the administrative, on-site enrollment/education meetings and reporting as necessary to keep your plan in compliance with current laws.

Employees will have full access to our online HSA store. Some of the many features of the convenient store are: HSA card acceptance, free shipping, large product selection, 24/7 customer service, plus live chat.
